PETERS LOADED SHELLS

ARE not merely handsome and theoretically perfect. Theories, before being embodied in our goods, must prove their value in actual practice.

The Way a Shell Shoots is the Important Thing

That's why Peters Shells stand for all the real improvement of the age in making shotgun ammunition. That's why they make fast friends wherever they are once tried. ¶ The "Ideal," "Target" and "New Victor" are furnished loaded with either DuPont, King's, Hazard, New Schultze, E. C. Improved or Mullerite Smokeless Powder. ¶ "Premier" and "High-Gun" loaded with "Balliste" or "Walsrode." ¶ No other goods equal these in any way. You don't have to take our word for it—try it for yourself. ❀ ❀ ❀ ❀ ❀
