THE STUDENT COUNCILS CONTRIBUTE MUCH TO THE GENERAL WELFARE OF THE SCHOOL WHILE

Student Council, the governing body at Hughes, is composed of representatives from each homeroom. This year, because of the presence of a Junior High at Hughes, a Junior Student Council was formed. The Executive Boards met to discuss problems confronting the school in general.

Each year many worthwhile projects are undertaken by Student Council. During the campaign for Muscular Dystrophy, students placed contribution boxes in neighborhood stores. At Thanksgiving, the students contributed canned goods to the school which gave the various baskets to needy families. Each spring, a classical music program is presented in which seniors have an opportunity to display their musical talents.

Through the year Student Council has charge of the candy machines, lost books, and the lost and found. Any money collected from these activities is added to the Council treasury which is used to benefit the school.

Under the leadership of Mrs. LeRoy and Miss Kloak, Student Council functions in the same manner as our Democratic government, with everyone having a voice in the proceedings.
