RON HOLLAND
Business Manager

An important part in putting out an annual is handling the business phases. The business managers of **NEW HORIZONS** were Ron Holland and Nancy Keller. Under their direction the business staff had the responsibility of obtaining advertisements, scheduling senior sittings, and checking on students to see that they kept their appointments. In addition, the business staff billed all clubs that had pictures in the annual, sold glossy prints of annual pictures, and sold plastic covers for annuals. In cooperation with the editors of the Senior Section, these students obtained contributions from parents and friends listed under Patrons.

Mr. Clyde Hall, business adviser of the annual, supervised the activities of the business staff.

Nancy Keller, Mr. Hall, and Bob Ostendorf are planning ads for our annual.

Caught in the act of peeking at old annuals are S. Bridges, B. Hippard, G. Rentschler, and T. Springer.
