

HUGHES "MOHAWKS" ARE REALLY JUST G. A. A.'ERS!

The hockey teams consist of a goalie, guards, forwards, right wings, left wings, and centers. The goalie must wear heavy leg pads, the same as those worn by professional players, because she must guard her goal at the risk of being batted by the sticks of her opponents. Hockey is very wearying and the girls do not look forward to the long trip back to Hughes, but they still love their game. Miss Jeanette Nurre is the sponsor of this sport and girls of any grade can participate.
