

## MATH CLUB

**Top Row,** left to right: A. Cox, J. Krell, S. Lancaster, B. Heuther.

**Bottom Row:** B. Shepman, P. Siebold, S. Dickerson, D. Aker, B. Johnen, M. Grone.

The Math Club, throughout its many years of existence at Hughes, has set its goal at increasing the number of students taking higher mathematics. With this purpose in mind they have planned numerous programs of interest. One of the most outstanding of their meetings consisted of a speaker lecturing on the subject of astronomy.

Although the number of members is very few as compared with other school clubs, the Math Club has maintained its reputation under the capable sponsorship of Mr. Clyde Hall, business advisor for the Annual.

**Top Row,** left to right: C. Hemminway, J. Hinds, L. Taylor, S. Frost, B. Phipps, J. Arnold, M. Bohl, S. Meyer.

**Middle Row:** N. Marrs, J. Martin, J. Vanover, M. Goebel, B. Crawford, J. Hooser, A. Herzog, J. Prior, R. Jones, W. Dye, R. Belz.

**Bottom Row:** S. Bowman, L. Clayton, J. Watkins, M. McRoberts, G. Neal, G. Fink, E. Weis, President; N. Brown, P. Murray, B. Nicholas, S. Ashford, D. Hardin.

## HOME CLUB

The Home Economics Club, under the watchful guidance of Miss Elizabeth Zorn, is open to all girls at Hughes. Junior High girls found the organization a means of getting to know the school better.

The club is, essentially, a service club. Throughout the year members were busy knitting socks, making scrap books, bean bags, and candy. The baking of cookies was done to obtain money for the Christmas Fund. This year the Home Ec Club donated one of the largest totals of any organization.

The members will always remember the pleasant hours spent on the worthwhile endeavors of the club.
