The Hughes Honor Society, an organization which recognizes outstanding scholastic achievement, was started in 1948 under the capable supervision of Mrs. Edna LeRoy and Miss Helen Bejack.

The six juniors who have the highest grades in their class become members of the Executive Board for the next year. The executive board has charge of the two main activities—the annual Tea, which gives honor students of all classes opportunity to meet with Honor Society alumni and other students who have attained high grades; and the Spring Banquet, at which seniors with a high "B" average and the top juniors are initiated.
