The Hughes Club, founded in 1919 by Mr. Elmer W. Kizer, is composed of junior and senior boys who have high scholastic ability and good character. In 1947, Mr. Ben F. Fulks became advisor of the club, which has now become the largest service organization in the school.

The boys meet every second and fourth Mondays of the month. Members absent from two consecutive meetings are dropped from the club.

Among the club's yearly activities are the selling of sportswear and the sponsoring of the John Alden-Priscilla Dance at Thanksgiving time. The most awaited activity of Hughes Club occurs when the month of June arrives, and car wheels roll toward Brown County State Park in Indiana for a fun-filled week-end. Here the boys join in hiking, swimming, and baseball, and take a short vacation from the monotonous toil of schoolwork. All too soon the hours of the week-end are over, and the boys find themselves homeward bound with memories that will never fade.
