Each Friday night during football season, the Hughes Big Red Marching Band entered the field in comet red uniforms, led by eight lovely majorettes and a drum major. Precision marching was brought into the spotlight again this year by the 93-piece band, which was under the talented leadership of Mr. Cecil Karrick, one of the new members on the Hughes faculty. Mr. Karrick is a graduate of the University of Kentucky, and taught at Eastern High School in Louisville before coming to Hughes. He stepped into his new position with ease

and skill, and set out to keep Hughes' reputation for having a fine band and orchestra. By attending the games and having a big part in the pep rallies, the band became even more a part of the whirl of activity at Hughes. Facing hardships failed to stop this high-spirited group. Despite the weather, sub-zero or tropical, the band journeyed daily to Fairview Park, where they practiced extensively, and each week made a fine showing for their school.
