Senior Y-Teens

As the haze of activity clears, we find Miss Sarah Compton, faculty advisor, and the club's executive board busy planning projects and meetings. This year, something new was introduced by the club. Each girl who wished to become a member of the club wrote a composition expressing her interest and desire in Y-Teens. From these papers, new members were chosen. Following the initiation, the new girls, along with the older members, were ready to plunge into their various activities. By making several trips with the Hi-Y's to the county home, they helped bring loads of good cheer to the patients. At Christmastime, the clubs carolled at various hospitals, and sent candy to the Y.W.C.A. for a candy sale. Y-Teens main moneymaking project was the sale of potato chips in the Spring. In addition, bake sales were held, the profits from which were combined to give aid to a graduating senior. Concluding the year's activities, election and installation of new officers were held, and plans for the next year begun.
