Whether or not French is spoken on Mars matters little to French Club members; for their interest in the language is expressed by their support of the club. Mrs. Mary Howell, who has studied in France and has many unique French ideas which have made the club one of the outstanding language clubs at Hughes, is the faculty sponsor. By attending these meetings, the students are given a better view of French living. The meetings are directed completely in French, providing the students with additional opportunities to put their knowledge of French to use.

Their charity project is sending CARE packages to a needy French family. They celebrate the Yuletide season by means of a party, at which French games and other customs are brought to light, and on Valentine's Day members send one another greetings written in French.

At the end of the year, an award is presented to the student with the highest scholastic average in French.
