The conquest of space fails to interest these students, for their problem is not so much the "conquering" of space as it is the Spanish language. The principal purpose of the Spanish Club is to put the language and customs into practice.

At monthly meetings, the members have a chance to use their knowledge in a status other than that of a classroom. Aided by his recent trip to Mexico, Mr. Edmund Carney, faculty sponsor, is able to put many new and interesting ideas on a different level. The club's Christmas party found the "pinata," full of candy and gifts, hanging ready to be broken by some lucky mem-

ber. With the help of movies, speakers, and Mr. Carney's displays, the club members are able to visualize the Mexican way of life.

Sending CARE packages and filling Thanksgiving food baskets are the club's traditional charitable deeds.

Closing the year's activities, the student with the highest four year average receives a subscription to a leading Spanish magazine.
