CREATIVE TALENT IN ART WORK

A project being completed by art class.

Scenery for plays is just one of the services rendered by the art department. Cooperation with organizations wishing to use their talents is fully and well appreciated. The art department also has its own art display across from the library. In this display, outstanding work on the current projects are shown to the school. Miss Adomeit and her advanced class also does the art work for the Hughes Annual.

Art display outside of the Jordan Library.

Art students comparing recently completed masks.
