JUNIOR BAND did not perform as much this year as it is used to and was mainly a training band. The bandmen learned to read music and found the instrument which they are best suited for. In the spring they were ready to perform in the Spring Concert. They did a fine job and made Hughes richer in the musical field.

THE JUNIOR HIGH SPORTS in GAA included soccer in the fall, then basketball, in February volleyball, and in the spring softball.

There were three playdays for Junior High Sports. They were in October, January, and March and were held at Walnut Hills, Withrow, and Central.

The Junior Highs were also allowed to take part in the individual Senior sports such as ping pong and shuffle board.
