

Inter-city Student Council

The governing body of Hughes is the Student Council. Under the supervision of Miss Gladys Kloak, the council sets down rules and regulations for the good of everyone. Hall Guards are an example of the work done by this organization. They are selected to patrol the halls to stop bothersome noise. Each homeroom is allowed one representative to the Council, giving just representation to all. Inter-City Student Council is to promote better relations between schools. Frequent meetings of this division also helps to keep one another informed of important actions.
