

Tel Boys Rule Backstage

Building sets, staying after school, and generally having a good time is the formula for a good stage crew. The crew, under the direction of Brian Davis, is sponsored by Mr. Willard Kalchek, an industrial arts teacher.

Every day the seventeen members meet before and after school to see what the latest "haps" are. During rehearsal periods for stage productions, the boys put in long hours each afternoon. Merry-Go-Round season finds them at school every night making sure that lights, curtains, props, and sets are in the right places.

To add variety to the boys' work is the stage "union," which was formed five or six years ago by members of the crew. Tower Elevator Lines, TEL, as it is called, has its own laws and "audio" station, WTEL. Not to be outdone by any other union, it, too, has a Local Number—13.0. It must not be forgotten that this union is in favor of the Right to Work!

Senior Stage Crew members—Ron Tarvin, Ralph Taylor, John Shinner, and Brian Davis, with Mr. Kalchek examine light board.

Mr. Kalchek aids new boys as they learn about stage apparatus.

Members of the Stage Crew demonstrate their ability on the spotlight and footlight.
