

## Sports—Fun, Friendship

The Hughestown Athletic Department had a well-developed program in both intramural and inter-school sports for the boys of the junior high. Since the "Baby Reds" of today will constitute the varsity of the future, a good junior high athletic program is of utmost importance. The boys learn the importance of healthful living, teamwork, and sportsmanship. Their coaches teach them the fundamentals of the games and instill in them loyalty to school.

### BASKETBALL TEAM
