Krueck Club is a combination honor and service club for freshman and sophomore boys. The club was started in 1948 and named in honor of Edward "Red" Krueck, Hughestown's former great football and basketball coach. The members must maintain at least a "C" average. The club stands for the principles of clean living, clean speech, clean sportsmanship, and willing service. The boys make money for their service projects by selling schedule pencils for the football and basketball seasons. Another of their projects is the sale of mistletoe at Christmas, the proceeds of which go to the "mite box" fund. Their service projects of past years have included spotlights, a new flag, a tape recorder for the stage, and a trophy case for the front hall.

Krueck Club officers congregate on steps.
