Beta Chi

Beta Chi, the business club at Hughes, is in its sixth year as the only business club at Hughes. Mr. Charles Geraci, the founder of the club, has served as the sponsor since it was founded.

The main objective of the club is to help the business students get a better insight into the business world, which they will enter after leaving Hughestown.

The club has a three-fold purpose. It is to promote leadership, scholarship, and co-operation among its many members.

The club requirements are a "C" average or better, and at least one credit in a business subject.

Annually Beta Chi gives a \$25 scholarship award to its

most outstanding senior member. Among its other activities are frequent visits to some of the more prominent business establishments in Cincinnati. Some of these are Coca-Cola Plant, Gibson Art Company, and Procter and Gamble. At Christmas time the club brightens up the spirit by selling Christmas wrapping paper. A bake sale was included in this year's program. A small donation is also given to the school at the close of the year.

With the help of Mr. Geraci, Beta Chi's success in 1958-59 was brought about by the work of the following officers:

President, Barbara Ries; Vice-President, Carol Hattendorf; Secretary, Linda Combs; Treasurer, Joan Lyons; Historian, Venna Brown; Sergeant-at-Arms, Charlene Perkins.
