

# Sales Club

The Sales Club is composed of students from two of Mr. Samuel Skurow's classes, his Sales and Advertising classes. Mr. Skurow sponsors this club, whose purpose is to give its members practical experience in the fields of selling and advertising. This purpose is accomplished through the promotion both of school sales projects and of school activities, such as the Student Store and the Gargoyle. The members earn money for the club by selecting a product and selling it. Some of the products sold are school emblems and popular records. The profit from these sales pays for the club's annual picture, a party for club members, and a donation to

a worth-while charitable organization.

The club holds no regular meeting after school. Meetings are called to order during the class periods by the presidents. Each class has its own set of officers. In the first period class, Bobbi Brewer holds the gavel at the meetings. Paul Montgomery, vice-president, presides in the absence of Bobbi. Other officers are Bob Geenlan, secretary and Larry Dean, treasurer. Paul Sollberger is president of the sixth period club. Tom Rose, vice-president, is Paul's right-hand man. Marilyn Schimpff and Nancy Rahn hold the offices of secretary and treasurer, respectively.
