"60" Plays High Successes

Sages and Thespians, National Honor Society, constitute Hughes' dramatics department. Under the direction of Miss Mary Jo Bookout, the two organizations unite to present several school productions during the year.

Sages is made up of both senior and junior high students who are interested in dramatics. The club meets once a month. Its officers are: Gayle Biehle, president; Pat Howard, vice-president; Gay Leberecht and Regine Kolleck, secretaries; and Don Speer, treasurer.

Sages has many varied activities. This year its members competed with other schools in an intra-city dramatics contest. Each school presented a variety of skits, monologues, and one-act plays. Also, throughout the year the members of Sages served on property, costume, and make-up committees for the school plays and Merry-Go-Round.

Thespians is a national honor society for students who have shown special talent and interest in dramatics. To join, each person must have received ten points which he earned by participating in the school plays, or helping on committees behind the scenes.

Miss Bookout gives "Men are Like Street Cars" cast the benefit of her valuable experience.
