WTEL—the Hughes union of Tower Elevator Lines, better known as the stage crew—is indispensable to Hughes productions. The crew is on hand at all programs to assure that lighting is effective, sets are erected properly, and the curtains are pulled at the right times.

The stage crew numbers 11 in all this year. It is sponsored by Mr. Willard Kalchek, industrial arts teacher. The manager is Gorman Meadors and the assistant manager, George Kalejs.

Often the boys must miss class or remain many hours after school to help with programs. They rarely complain about their time-consuming job, though, for they enjoy their work.

Sponsor Mr. Willard Kelchek and the senior members of stage crew capably manage all stage productions.

## WTEL Boys Conscientious, On Hand For All Programs

The stage crew handles audio and lighting for the many programs throughout the year.
