## Tri Chi

Tri Chi was originally an athletic club at Withrow High School and was organized later at Hughes in 1946. Tri Chi is a Greek word meaning three openings through character, comradeship and citizenship. The social activities of the club are "The Halloween Howl" and the annual "Tower Trot" dances. Other activities include hayrides, picnics, stag and date parties and at least one useful school or community project. Tri Chi also takes an active part in Interfraternity Council and other school organizations.

This year the members of Tri Chi have decided to disband. We, the members, feel Tri Chi has made a good name for itself in its fourteen years at Hughes and hope to be remembered for scholastic and athletic achievements. As we leave the halls of the Clifton Palace, we hope and believe Tri Chi will long be remembered for the good example its members tried to set scholastically, athletically, and socially.
