

A play is made by Joyce Green and Lea Kalejs to get the ball for their team.

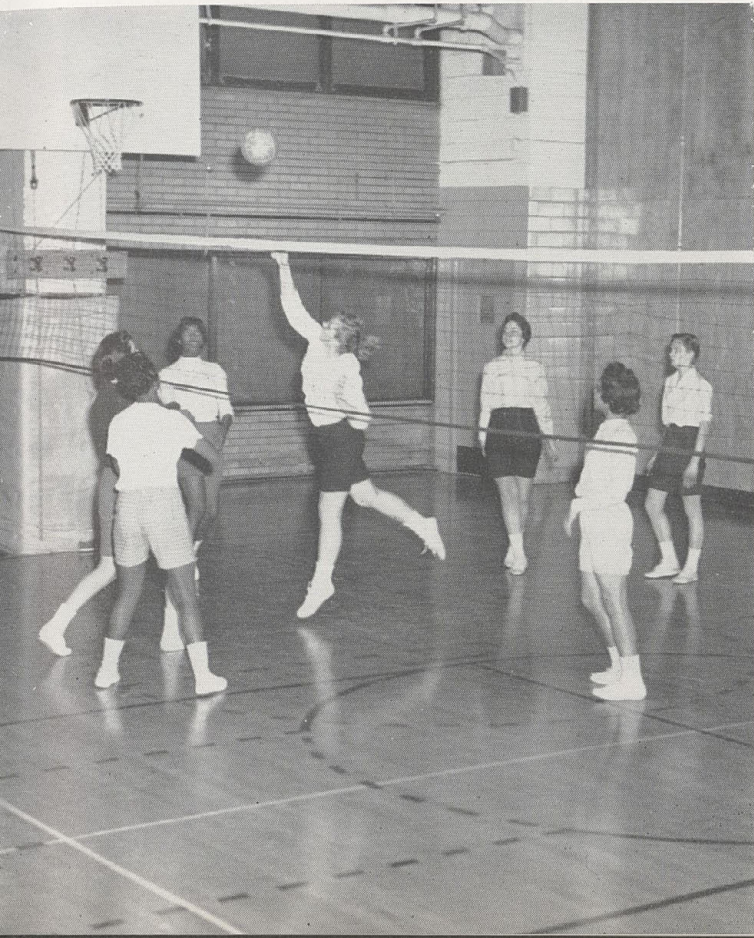

Emily Mueller

## Hockey

Hockey opens a year of sports and fun for senior high G. A. A. girls. The first major sport in the fall, hockey, had its hard knocks twice a week at Fairview Field. Skills of the game were taught by Miss Verlie Meyers and demonstrated by sportsleader Emily Mueller and assistant Donna Strefelt. After diligently learning to dribble the ball down the field, avoid flying hockey sticks, and make a goal, the two teams headed for playday at Western Hills.

Poise and grace are used by Sandy Hughes in assisting the ball over the net.

Jill Appel

## Volleyball

"Hit it over the net!" was the cry heard in the girls' gym during volleyball practice. The G. A. A. girls met every Monday and Wednesday during the first winter season. Attendance was good for this popular sport and Jill Appel, sportsleader, was kept busy. Lucy Gangloff assisted Jill in her duties. Intramural teams were chosen and a tournament was set up by Miss Mary Busser, adviser. There were six teams and the girls not only had fun but improved their skill so that they would be ready for the Volleyball Playday held in January. The playday, this year, was held at Woodward and Central. The girls played hard to keep up the Hughes honor. Two "A" teams went to Woodward. They won two games and lost two games. Three "B" teams went to Central. There the girls won three and lost three games.
