Walter Warner

Oliver Youngstrom

Observing a gibbon skeleton are Dave Wahle, Mr. Walter A. Warner, sponsor; Betty Kirchgnesser, Ruth Goering, and William McBrair.

The specific purpose of the Senior High Science Club is to get more students interested in the field of science and to encourage them to indulge in worthwhile science hobbies. Science Club has had three entries on Science Day at the University of Cincinnati Fieldhouse.

Science Clubs Reveal Life

The Junior High Science Club aims to prove how fascinating science is. Miss Helen Betty Newman, advisor, and Alice Brand, president, guide the members at monthly meetings.

The other officers of the club are David Greenrroos, vice-president; Melvina Sanford, recording secretary; Joyce Beckman, corresponding secretary; and Bruce Pemberton, treasurer.

A large membership contributes to the success of the Junior High Science Club.
