

Magic Moments for Linda

Senior girls, in their last year at Hughes, compile a long list of cherished memories. Each day brings new and rewarding experiences to these active students. Included in their memories are favorite teachers and lasting friendships. Studious girls, carrying a heavy schedule of academic subjects, spend long, arduous hours in study.

School doesn't end at 3:00 o'clock for all seniors. Many girls join the Girls Athletic Association; others work on school publications. Merry-Go-Round and play rehearsals occupy the busy hours of many seniors. Various clubs meet after school and cheerleaders and majorettes practice their new routines. Band and choir readily accept any musically talented student. High scholarship and citizenship lead to membership in the National Honor Society.

Many of the senior girls remember their numerous visits to Mrs. Frehse before deciding on the college of their choice.

Upon graduation, seniors realize that Hughes is more than a building—it is their Alma Mater.

Mrs. Frehse, who works with senior girls, discusses with Linda Howard the advantages of several Ohio colleges. Linda plans to take Liberal Arts courses.

"That's nice but I still want to go to the University of Hawaii."

Selected seniors participate in accelerated mathematics and English programs. Advanced English is one of Linda's more demanding subjects.

"Our English class gave us a chance to express and develop literary ideas, which will be valuable in college."
