Intramural Program Offers Wide Variety of Activities

The new and extensive intramural program under the directorship of former basketball coach "Burley" Grimes flourished successfully this year. Those boys unable to participate in varsity competition find a wide variety of sports and activities to occupy them all year around. This program of intramurals, initiated at Hughes, has spread over the state.

Throughout the year, awards are given to those individuals or teams that excel in their particular sports. At the end of

the year, trophies are given to those who participated in the most events. Special awards also go to referees. An intramural council, consisting of students at various grade levels, under the supervision of Mr. Grimes, works out the details of the program.

Some of the sports are flag football, water polo, basketball, table tennis, weight-lifting, gymnastics, wrestling and bowling. The program also offers tennis and golf clinics, checker and chess tournaments, spot-shot and softball competition, and the pentathlon contest, five physical feats of strength and co-ordination. One of the highlights of the season is roller-skating, open to all students.

Sweet Georgia Brown, a fancy dribbling contest, was a popular event this year.
