

Seen behind piles and piles of books are Mrs. Mason and Miss Pennington. Checking and marking new books is just one task for Hughes librarians.

Library Supplements School Work

Helen Mason

Mathilda Pennington

Miss Pennington and Mrs. Mason, Hughes capable librarians, believe that our library has various features relatively unknown to many students. Besides a popular fiction section, Hughes has an excellent non-fiction section containing books on any subject. Many magazines and newspapers are available to students interested in current events. Books on contemporary authors, English and American histories, and numerous old rare books are among Hughes reference materials.

The library opens at 8:00 a.m. and closes at 4:00 p.m. Any student may come to the library during his study hall, providing he has library work.

It is the greatest desire of Miss Pennington and Mrs. Mason that all students use the library facilities available to them.
