## Art and Music Enrich Our Lives

Seventh and eighth grade students are required to study basic art and music. The advanced art students design, mold, paint, and papiermache all school holiday decorations and displays, scenery for plays, and individual projects. In the music department, students learn to read, sing, or play written notes. Orchestra, band, and the choirs display their talents for the student body in assemblies, concerts and at the football games. Annually, Ensemble entertains Cincinnati on WKRC-TV.

Polishing copper during arts and crafts class are S. Moses, J. Harris, E. Arns, C. Turngate, M. Coshun and C. Bengtson.
