

## Nurse Proves Efficient

Performing the many duties of the school nurse this year is Mrs. Alice Kammann, a newcomer to Cincinnati. She is a native Californian and received her nursing certificates from the Los Angeles State College and the Hollywood Presbyterian Hospital School of Nursing.

Her various duties consist of keeping everyone healthy, giving any necessary physical examination, and maintaining a health record for each Hughes student.

Mrs. Kammann is employed by the Public Health Department, but one can tell by the spirit with which she moves about in caring for our sick that she is a real member of the Hughes team.

## Lunch Restores Vigor

Mrs. Holscher's lunchroom staff prepares and serves food cafeteria-style, enabling students to have low-priced, balanced meals.

Rita Lenning stares at the scales in disbelief as Hughes nurse, Mrs. Kammann, begins a routine physical examination.
