

# Enjoy Variety of Hobbies, Pride In Accomplishments

Miss Newman, science teacher, skillfully molds, paints and finishes beautiful ceramic objects.

What are Hughes teachers like outside the classroom? What are their hobbies, interests, and accomplishments? Of what are they proud? The pictures on these pages show a few teachers in their leisure time.

The Hughes faculty loves to travel. Miss Rasche, Miss Schawe, and Mrs. Abbott have been to many European, Latin-American, and Oriental countries. Mr. Welti hitchhiked around the world this summer visiting many famous cities and countries. Mr. Arrington, Hughes new journalism teacher, taught in Cambodia.

Golf is a favorite pastime among the faculty. Mr. Jones, a science teacher and also a professional golfer, instructs beginners in the arts of the game. Any bright, sunny Saturday will find Mr. Stephens, Mr. Byles, Miss Meyers, or Mr. Sutton at a golf course.

Cheaper by the dozen, believe Mr. and Mrs. Geraci. The dozen are: seated on the floor—Chris, Helene, Paul, Camie, Peter, and Marie; seated on the couch — Claudia, Tony, Mr. Geraci holding Lori, Mrs. Geraci holding Lee, Chuck, Terre.

"I hope it's a strike!" prays Miss Meyers, member of women's bowling team.
