Cindermen, in the Running

In 1961, for the second straight year, the Hughes track team met tough competition from Taft, finishing second to the Senators in most meets. The Big Reds competed with Withrow and Taft in a Triangular Track Meet, and finished a close second to Taft. In the Southwestern Ohio Track Meet, Hughes grabbed another second behind the strong-running and hard-throwing Taft Senators. The District Track Meet brought out the best of all Hughes track performers. The Big Reds collected enough points to place second although the track men from Taft tallied enough for a first with ease.

Some of the various activities included in track are: discus-throwing, pole-vaulting, shot-putting, running, and hurdling.

Coach Paul Richert, who this year is celebrating his twenty-eighth year as track coach at Hughes, is very pleased with the boys he has coached and he is quite optimistic as to the success of the 1962 track squad.

Bob Murrell and Don Hardy get ready to burn up the track as the 1962 Hughes practice begins under Coach Richert.
