Let's Learn Language, Life of Foreign Lands...Old, New

Comprehendisne Latinam? Certe! Comprenez-vous le français? Certainment! Comprende usted el espanol? Ciertamente! Kannst du Deutsch? Cervisz!

Certainly, Hughes students understand foreign languages! The study of Latin, French, Spanish and German performs a vital function in the education of many students, who gain an understanding of the life and times, the customs and culture, of the people to whom the language is (was) native. The language lab greatly aids students in oral expression and in comprehension.

P. Glass, A. Totten, and B. Kleinman list derivatives from Latin verbs. Other students examine derivation posters.
