

Active Participation in Athletics—Key to Physical Fitness

The Girls' Athletic Association, better known as G.A.A., is made up of senior high girls who enjoy sports. After members discuss different activities that interest them, sponsors, sports leaders, and executive board work together to outline the program for the year. Both team sports and individual sports are included.

The busy sponsors not only supervise the various sports and prepare Hughes girls for the public high school play-days but also assist with the fund-raising projects, such as the "Mr. and Miss Hughes" Dance and the annual bake sale and apple sale.

Climaxing a full schedule of fun and work, the event of the year took place. On May 18, the G.A.A. held its traditional banquet, during which awards were presented on the basis of points received for participation in various activities.

Mrs. Kaichen, Mrs. McKibben and Mrs. Libbert are deciding which sports and activities each wishes to supervise.
