

Junior High Soccer

The junior high girls have the same G.A.A. sports as the senior high except for hockey. Instead of hockey they play soccer, which consists of eleven girls on each team.

Practice, under the supervision of Mrs. McKibben, developed some good soccer players among the junior high girls.

At the Playday, held at Western Hills High School, the Hughes girls won two games, tied one, and lost one.

Volleyball

Instead of the eight-player modified game with substitution at half-time, the official six-player game with continuous substitution was installed this year. As usual, Hughes took first place at the Playday.
