

Does anybody need a musical combo? There are plenty of talented musicians on the Hughes faculty—Miss Ratliff, piano; Mr. Strahler, bass; Mr. Hughes, trumpet; Mr. Wilkey, trombone; Miss Kloak, strings; and many others. Several teachers perform vocally in church music.

Gardening proves a very useful hobby for faculty members interested in outdoor work. Mr. Foegler claims to be the best weed-puller and leaf-raker from Hughes. Mrs. Caskey's chrysanthemums, below, speak for themselves, and everyone is familiar with Miss Newman's artistic flower arrangements found daily in the main office. The request for flowers to decorate tea-tables and banquet tables can always be filled by Hughes teachers with green thumbs.

Gardening, Music, Food—Favorites of Hughes Personnel

Above: Chopin, Beethoven, and Haydn are favorite composers of Miss Shirley Ratliff. Her teacher is Miss Frances Loftus.
Left: Cafeteria employees enjoy some of their own good cooking.

Blooming chrysanthemums fill the garden of Mrs. Caskey, who finds much pleasure and relaxation in caring for the flowers.
