

## Volleyball Season Provides Exciting Fun

Volleyball, one of the most popular sports, keeps the girls on the go. "Get the ball! It's yours! Don't let it hit the net!" Excitement reigns as the ball is moved back and forth over

the net until finally the point is won. At playday, Hughes evened things out with two wins and two losses.

Leaping and tipping the ball over the net is Bertha Hargrove.

## Hockey Teams Win Six at Annual Playday

G.A.A. starts off the year by strapping on shin guards and trying to ward off blows from hockey sticks in the wild excitement of making a goal. The girls practice hard under Mrs. Zeisler's supervision. Hockey, more than some of the other sports, requires alertness and speed, along with ability

to take hard knocks. Team spirit and skill were developed during the hockey season, which came to a close with a highly successful performance of six wins and only two losses at the annual playday. Both junior and senior high girls participate in hockey.

Beginning with "ground-sticks", a tough game of hockey is now underway.
