

# International Business

The International Business Program offers students a full academic program including four years of a foreign language. They also have a choice of various course offerings, including programs affiliated with the National Academy Foundation. Included are:

## Academy of Finance

Focusing on entrepreneurship and financial management careers, this Tech Prep program provides opportunities for internship and college credit while still in high school.

## Law and Paralegal Studies

Focusing on the legal profession with an emphasis on international law, this program includes classes taught by an attorney and features mock court competitions and mentoring by lawyers.

## Academy of Travel and Tourism

Focusing on the travel and tourism industry, this program includes classes taught by an experienced travel industry professional and offers opportunities for travel and college credit.
