Dear Students, Staff, and Extended Withrow Family,

As a whole, Withrow High School was an adventure to partake in. The two schools represented in this book, Traditional and International, have a rich history which now becomes part of our history as well. From teachers leaving to students graduating, from its construction in the early part of the last century to its current renovation as we speak, Withrow has seen and been through it all.

The yearbook staff this year consisted of around 40 students, one of the largest in recent history. We were excited about taking yearbook design at Withrow into the 21st century as we began working with a new company which allowed us to do design online, freeing us up to work from any location where we had internet access. Unfortunately, this meant that even when we had a snow day, Mr. Stevens was text messaging us to finish working on our pages. We are proud of the work we have done in this book and hope you enjoy it.

From cover to cover, this book was designed by Withrow students to document the 2004-2005 school year. One we're all honestly sad to say goodbye to, especially those of us who are seniors. Congratulations Seniors! Good luck to you all and remember to strive to be your best. Thanks for some wonderful years!
