

English as a Second Language

ESL is an abbreviation for English as a Second Language. After traveling for a very long time ESL students finally found their home. To some people, it's just a school but to others it's a life changing experience. Withrow High School gave them a chance to change their lives. They learned to interact with others. Because it's an international school, every one has a chance to learn new things. ESL students and also the teachers bonded in a way they never thought they would. Any one that comes to this school will not only like it but they will love it. For those who are graduating this year, we wish you success because we know you don't need luck.
