

MATH DEPARTMENT

Mr. Payne very ably led the math department with excellent assistance from Fr. Walter, a veteran of eleven years of teaching at CCH, and Mr. Paul Geiser, a graduate of Villa Madonna College.

Due to the evident importance of math in the modern world it was taught in all divisions. Mr. Payne taught Senior Math, Algebra II, and Algebra I, stressing the importance of the graph. Fr. Walter taught Plane Geometry to the sophomores and stressed the importance of the Pythagorean Theory. Mr. Geiser taught the freshmen Algebra I by illustrations of his famous Venn Diagrams.
