

BUSINESS DEPARTMENT

Business? Why sure, one of best departments around. Our department goes to great pains in selecting business courses that will offer the finest results. Such courses as Business Law, Book-keeping, and Business Mathematics are being taught to students so that they will have a workable knowledge of the world around them.

Mr. Schulte, who studied at Xavier, is the chairman of the Department. He is backed up by such capable personnel as Fr. Weber, the treasurer of the school, and Mr. Gerstner a recent graduate of Xavier.

The business department selected Jerry Landwehr to represent Covington Catholic in Youth Week which was sponsored by the City of Covington. Jerry was a city commissioner at the council meeting. He well represented our school by bringing up problems and causing much controversy.
