9D — DESTROYERS

Under the leadership of Bro. Ken, the 9D DESTROYERS had a pretty successful and spirited year. At the beginning of the first quarter, the fight for the Spirit Banner was on. It was a close battle between 9D and 9A. When the final results were published, 9A had won the coveted Banner. But we were determined to beat them out in the second quarter, and that is just what we did. We won the Banner for the second quarter. At the end of the third quarter, the results showed 9A the winner again. If the pattern were true, we would win the Banner for the fourth quarter and also the free day. However, a dark horse, 9E, came out on top in the fourth quarter, and so we lost the free day. But we put up a good competitive fight all through the year. We had boys represented in all the athletics and quite a few of the clubs in the school. We also had fun setting up and running the basketball booth at the Campbell Lodge Festival. All in all we had a very nice year.
