

# Intramurals

This year's intramurals program marked quite a bit of fun and athletic competition for the entire student body. More than ever before the students, especially the underclassmen, showed an earnest interest in the homeroom competition. Many participants were active in such varied encounters as basketball, volleyball, softball, ping pong, and bowling. The intramurals were under the direction of the Spirit Committee of the Student Senate, Mr. John Payne, and Father Walter.

"You set a major league record with 14K."

"Six rounds bought, he bought five."
