

The Varsity Basketball team after losing the services of Coach Naber just before the beginning of the season, managed to come back under coach Mote Hils not only to post a winning season but put some big scares into the ratings of some of the more highly touted teams. The boys with excellent play and hustle, never really got going until midway through the season when they reeled off eight straight victories, including wins over highly rated arch rivals Newport Catholic, and Holy Cross. Coach Hils, formerly head coach of St. Henry, along with a fine backing from the stands managed to quickly get the team in shape after so little notice. The team posted an overall 18—10 record including a victory over Beechwood in the 34th district tournament before bowing in the semis to Regional runner-up Holy Cross, who they had beaten twice before.

Sumpin happened!

In the process of killing a giant.
