The varsity can expect a helping hand from the members of the JV squad. From their performances this past season it appears that covington catholic has a promising football future. The reserve gridders competed with the top GCL and local powers. In his first year at the helm, coach phil belmont did a fine job as the colonels finished with a 3-3-2 slate despite playing such a rough schedule. bob reuss was deemed the most valuable player. steve stephan was picked as the best defensive lineman, while dave macmahon was the best defensive back. dan beckridge received the best offensive lineman award, and bill brink took home the best offensive back award.

The reserves have too tough a line.

The JV defense is hard to escape.
