principal

Dear Colonels,

CCH witnessed another year of growth 1967-1968. For the first time enrollment passed the 800 mark. The largest senior class in the history of the school graduated in June, while an even larger number of 8th grade boys made application to enter in September.

Growth in number must be matched by growth in spirit. Academic excellence along with Christian values is the hallmark of a successful Catholic school. Through a program of self-evaluation the various departments have sought to recognize the strengths and weaknesses of CCH.

We can look back on many examples of academic progress, a wonderful record in sports, another fabulously successful play, a religion program geared to modern needs. These are some of the things making CCH great. Please God it can become greater.

Sincerely yours in J.M.J.,

Bro. Don McKee, S.M.
