Class Motto—"Before us lies the timber; let us build."

In the ninth grade, we welcomed the eighth grade into high school by entertaining them with a party. We started to save money for the banquet to be given in our Junior year.

When we were Sophomores, we presented a play "Whittlin'!" It was the first sophomore play ever to be given in Germantown High School.

The most important event of our 11th year was the Junior-Senior banquet. We entertained the seniors with a formal banquet, and dance at the Miami Hotel, in Dayton, Ohio.

In November we presented a comedy in three acts "Grandma Goes Hollywood."

During our last year, we have been busy getting ready for graduation and preparing for the senior class play.

In all four years of high school, we have had someone participating in the county scholarship tests. Three of our senior boys had a place on the basketball squad. We also earned a trophy by winning the inter-class tournament.
