JUNIOR HIGH BASKETBALL

The Junor High team had its most successful season in 1940 and 1941. These boys will make up the varsity team of the future so keep your eyes on them. Their record; won 6 lost 3.

They were coached by Mr. Gierhart, who taught them the fundamentals of team play and not individual glory. No one person stands out as the star but the whole team shines as one of the high spots in this year's sporting seasons. They won the county tournament by winning four straight games. Who can forget the last game with Farmersville . . . we were behind . . . we tied it . . . and then went on to win in the over time by a score of 29-26. By this last night, which will live in the memory of the team a long time, they became the proud possessors of a beautiful trophy. This trophy will be placed in the trophy case to be exhibited among the others and will set a high mark as goal for the future teams.
