"You can always tell a Sophomore
Because he thinks he's smart."

As is the usual custom with Sophomore Classes, we began to earn money for the banquet which we will give the Seniors next year. We earned some money at the Carnival and also had a bake sale.

We had several of our boys serve as substitutes on the Varsity basketball team, one who played with the first five, and another as assistant manager. We are looking forward to an interesting and active Junior year.
