THE REXALL DRUGGIST

Little Miss Muffet
Sat on a tuffet
Eating her curds and whey
Along came a spider
And sat down beside her
And said, "Is this seat taken?"

Lorna Emley: "Is this cup sanitary?"

Junior Anslinger: "It must be, everybody uses it."

THE PLACE OF THE PUBLIC UTILITY
IN THE LIFE AND HABITS OF A CITY

The company that furnishes this community with Natural Gas and Electricity, plays an important part in the life and habits of all families and all members thereof. That so much has been done to make home life happier and to provide less hard work, in itself reflects the usefulness of these services and their place in the progress and advancement of community living.
